Nobody Nowhere Doin' Nothin'—Musings of a Digital Zombie

by Jamie McGrew, ASPE

Editor's Note: This song and video that Jamie created is so enjoyable! The lyrics are humorous, and the tune is quite catchy! I've been singing it since I first heard it. You can watch the video at the YouTube link below. There will also be an active link on our Members Only page (near the *Telicom* links) during this quarter. I highly recommend you take the time to enjoy this five-minute delightful video!

This is a video I posted on YouTube. I had fun with it. I create lyrics, and use AI to put them to music. I'm more into the lyrics and music than anything; but for YouTube, I've used AI to make music videos just to make things a little more fun. I hope you find this entertaining.
